Portland, Oregon 97202

Dear Dave:

The Idaho Department of Fish and Game (IDFG) would like to confirm completion of SbyC procedures for 2006 PIT tag releases at Clearwater Hatchery. The tagging activities were conducted under FY 2006 LSRCP M&E cooperative agreement number is 14110-6-J009. We have cleared the tagging and tag treatments with FPAC, we sent a memo of our intent to all of the parties listed on your website plus several of our collaborators in the basin, we completed the tagging and, we provided you with a list of the codes by release site for the tagged fish that we were requesting be treated as "run at large". None of the memo recipients have indicated any problems or objections with the PIT tagging at Clearwater Hatchery or the proposed "run at large" treatment. Please contact me if you have questions or need additional information.

Sincerely,

Samuel Sharr
Staff Biologist
