**TO:** Dave Marvin  
**FROM:** Kent Mayer  
**DATE:** April 19, 2006  
**SUBJECT:** PIT Tag codes for use in Separation by Code System (SbyC)

---

I have completed all of the necessary program, project, and study coordination, with a list of action codes, for the WDFW Asotin Creek Project (BPA #2002-053-00). As per your request, I have contacted Dave Hurson, Mike Halter, Charles Morrill, Greg Moody, Bill Spurgeon (Ken Fone), Brad Eby, Terry Hurd and Jon Rereich and informed them of our project. It is my understanding that you have a list of the new 2006 PIT tag codes by group that will be used.

Requested Actions at Specific SbyC Facilities

Location of Actions - Dams: Lower Granite, Little Goose, Lower Monumental, McNary

Duration and Start Date: Entire Season SbyC is operational in 2006.

General Action Request: Place all tag codes (100%) into "**Monitor Mode.**" No Action is taken (i.e. the same as non-tagged fish).

Stock: Asotin Creek wild summer steelhead ~3,000 PIT tags codes.

If you have any questions please contact me at 509-751-0823, or Mark Schuck at 509-382-1004. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Kent Mayer".
